CAPACITÉ CAPACITY

Conception et robustesse à la fois. / Design and robustness all in one.

Design et robustesse, tout en un.

Sa technologie brevetée et son design aux lignes fines, à l'esthétique minimaliste et aux couleurs tendance en font une excellente gamme de tiroirs.

Construite pour durer. La robustesse des matériaux tels que l'acier et les **50.000 cycles certifient une garantie à vie.** Testée par les instituts technologiques les plus exigeants: CATAS, FCBA et Aidimme.

Design and robustness all in one.

Its patented technology and design with slim lines, minimalist aesthetics and trendy colours makes it an excellent drawer range.

Built to last. The robustness of its materials such as steel and its **50,000 cycles certify a lifetime guarantee.** Tested by the demanding technological institutes: CATAS, FCBA and Aidimme.

SYSTÈME DE FERMETURE DOUCE SOFT CLOSING SYSTEM

Tout est plus fluide, plus confortable et plus esthétique. / Everything flows more smoothly, comfortably and aesthetically.

La fermeture amortie permet au tiroir de se fermer progressivement, avec une force d'ouverture minimale, ce qui améliore l'expérience de l'utilisateur.

The damped closing makes the drawer close progressively, with minimal opening force, which enhances the user experience.

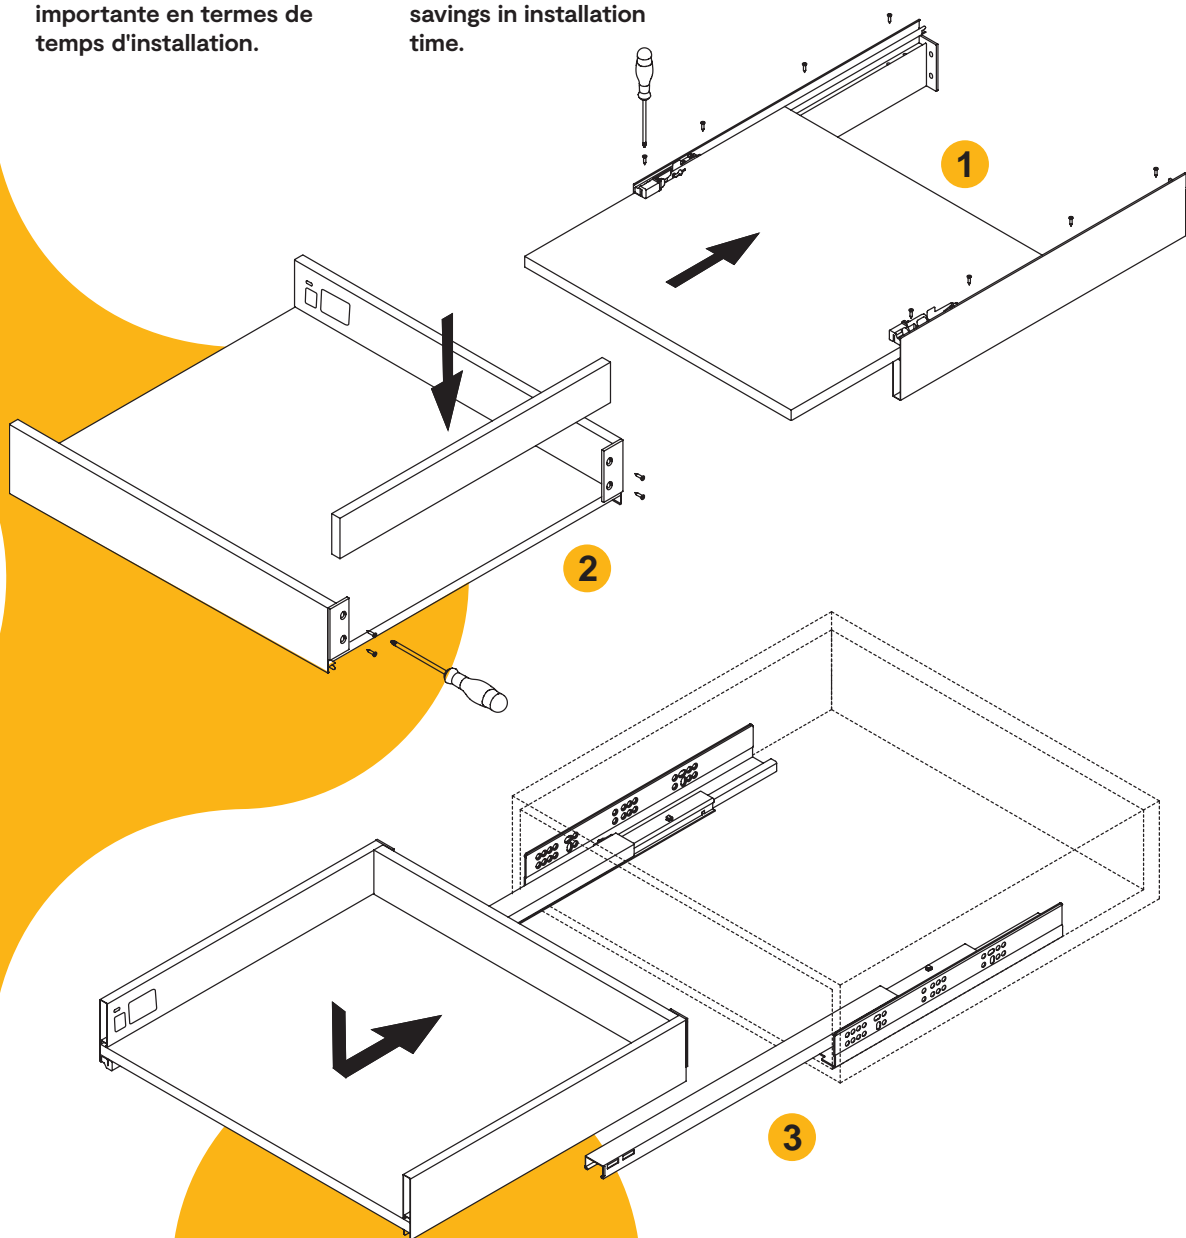

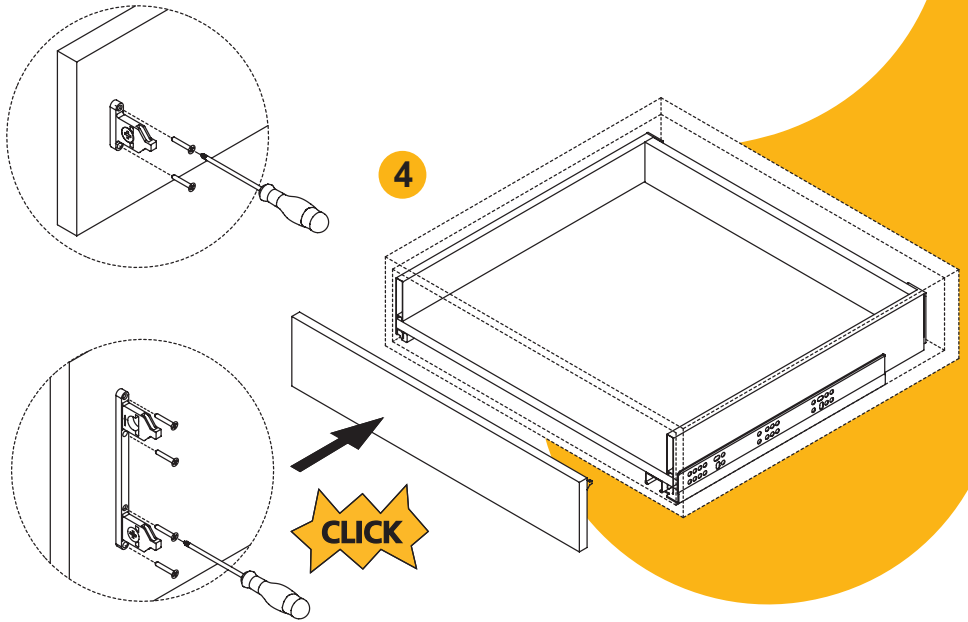

ASSEMBLAGE ASSEMBLY

**Assemblage rapide et facile. /
Quick and easy assembly.**

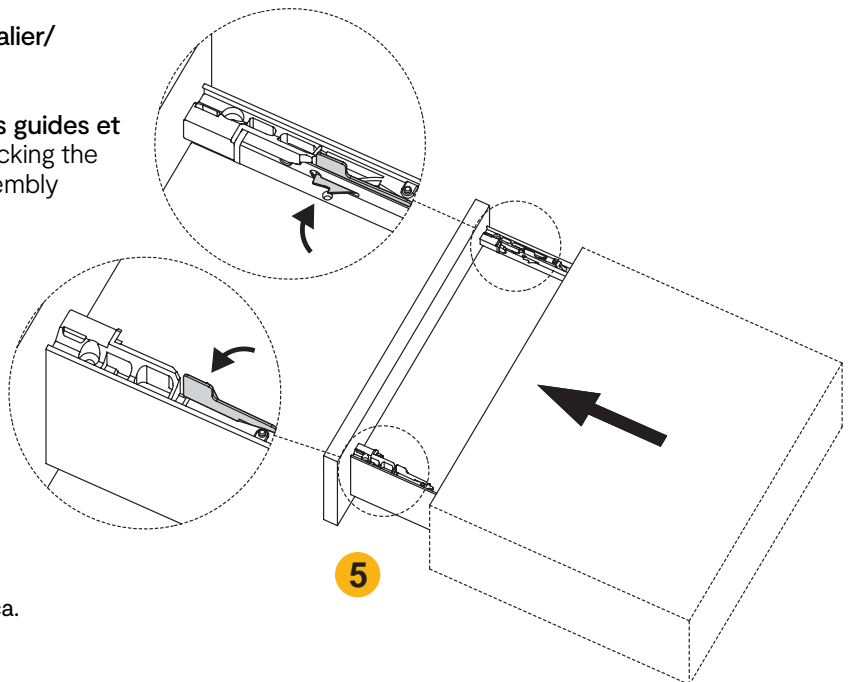

Grâce à son système d'assemblage rapide, le tiroir peut être terminé en quelques minutes seulement, **ce qui représente une économie importante en termes de temps d'installation.**

Thanks to its quick assembly system, the drawer can be finished in just a few minutes, **which means significant savings in installation time.**

RÈGLEMENT REGULATION

Découvrez la vidéo sur la réglementation de la boîte Emuca. /
Discover the Emuca box regulation video.

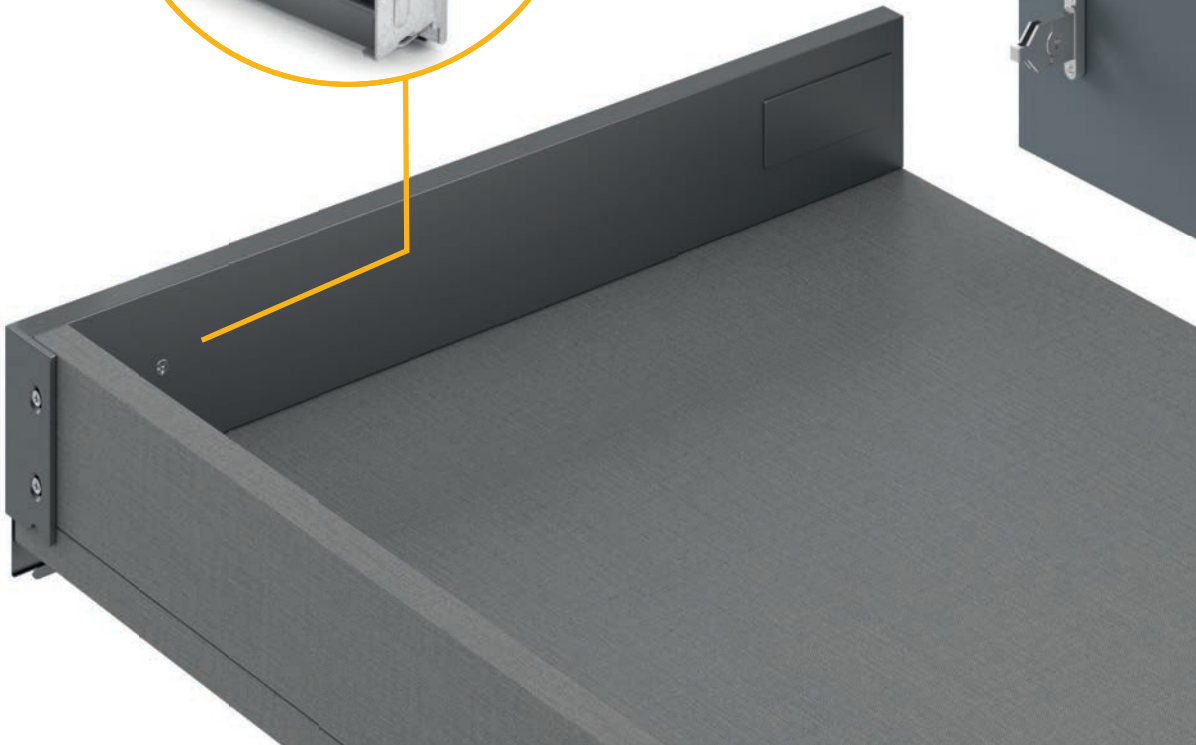

Ajustement 3D et facilité d'assemblage exceptionnels. / Outstanding 3D adjustability and ease of assembly.

Réglage en 3D pour une côte parfaitement nette et pour faciliter le réglage dans les endroits difficiles d'accès:

- Réglage de l'inclinaison du tiroir: $+4/-1,5\text{mm}$.
- Réglage horizontal de la façade: $\pm 1\text{mm}$.
- Réglage vertical de la façade: $\pm 2\text{mm}$.

3D adjustment for a completely clean side and also facilitates adjustment in hard-to-reach spaces:

- Drawer inclination adjustment: $+4/-1,5\text{mm}$.
- Horizontal front adjustment: $\pm 1\text{mm}$.
- Vertical front adjustment: $\pm 2\text{mm}$.

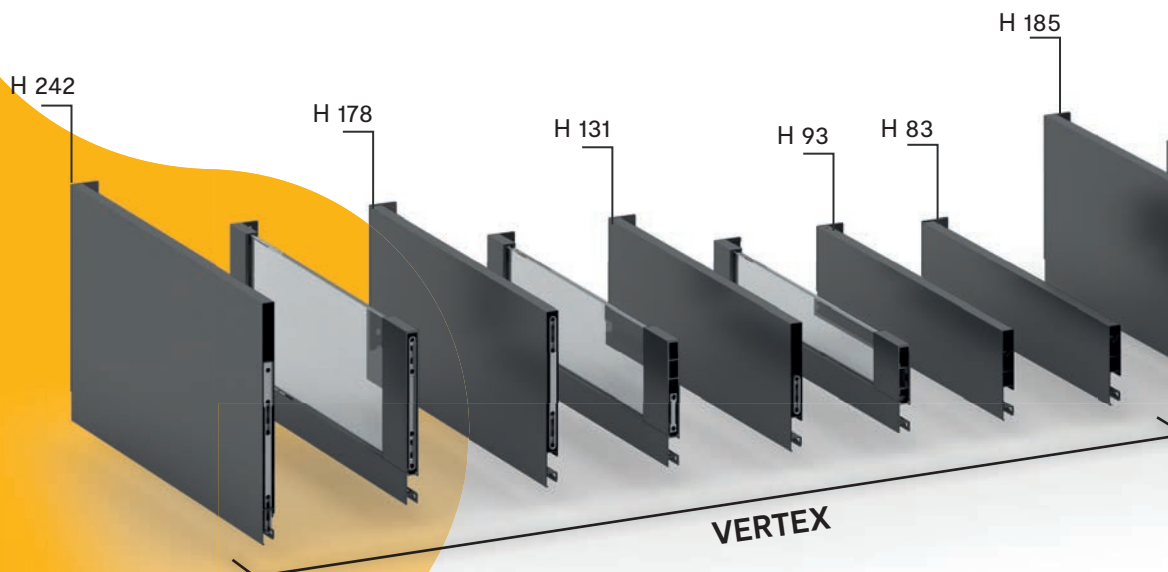

MODULARITÉ MODULARITY

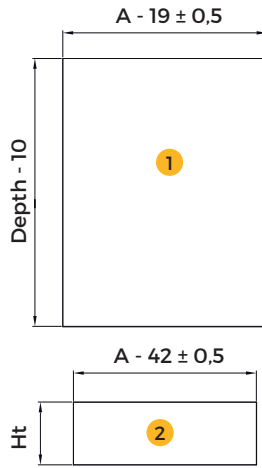

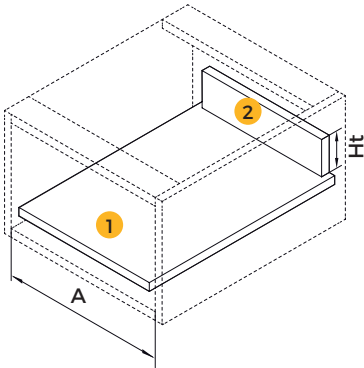

Compatibilité des panneaux. / Panel compatibility.

Compatibilité des plateaux de table. **Mêmes dimensions de fond de tiroir.** Avantage d'interchangeabilité dans l'industrie. 6 mesures de profondeur, 5 en hauteur. 3 finitions. Possibilité d'utiliser deux profondeurs différentes de 16 et 18 mm.

Compatibility in table tops. **Same drawer bottom dimensions.** Interchangeability advantage in the industry. 6 depth measurements, 5 in height. 3 finishes. Possibility of using two different depths of 16 and 18 mm.

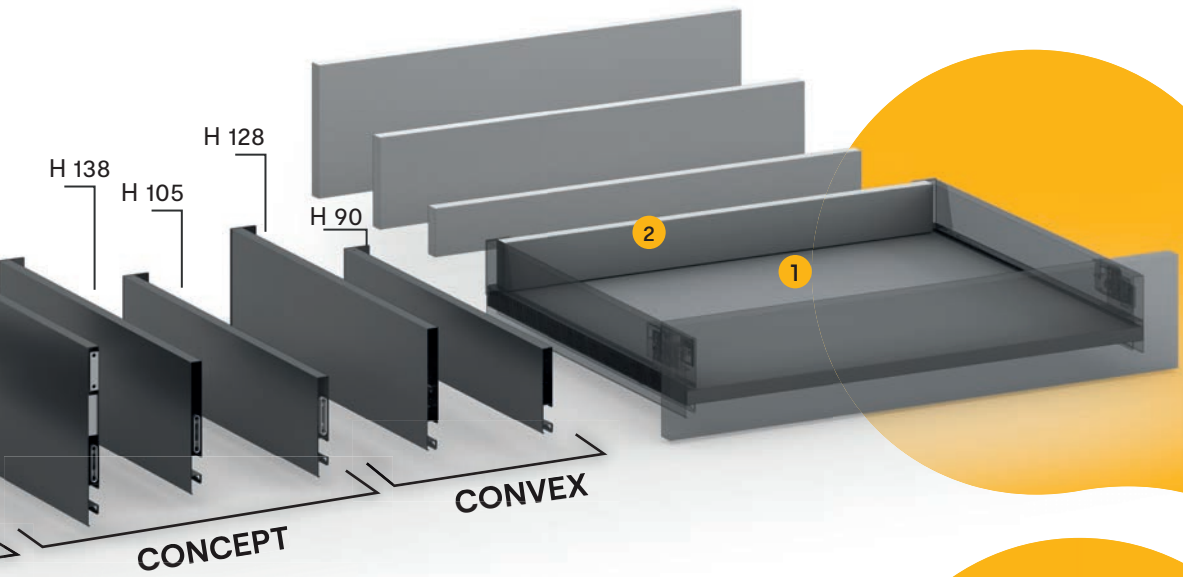

Dimensions du fond du tiroir.

EMBALLAGE INDUSTRIEL/ INDUSTRIAL PACKAGING

La plus large gamme de formats en caisses. / The widest range of formats in crates.

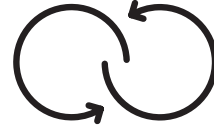

Chez Emuca, nous avons développé un concept d'emballage capable de combiner différentes solutions de tiroirs (coulisses) en fonction de vos besoins. Cela permet d'obtenir la plus grande compatibilité de tiroirs sur le marché et d'optimiser le stock. Nous proposons ainsi l'une des gammes les plus complètes de tiroirs. Cela permet d'économiser de l'espace et du stock dans votre approvisionnement.

At Emuca we have developed a packaging design that is capable of combining different drawer solutions (slides) according to your needs. Achieving the greatest compatibility of drawers on the market and optimising stock. In this way we offer one of the most complete ranges of drawer solutions. This saves space and stock in your supply.

DURABILITÉ SUSTAINABILITY

Grâce à la fabrication à partir de matériaux recyclables et à l'utilisation efficace des ressources de production et de logistique, nous optimisons le stockage et réduisons l'empreinte carbone des mouvements logistiques. Un système écologique et durable.

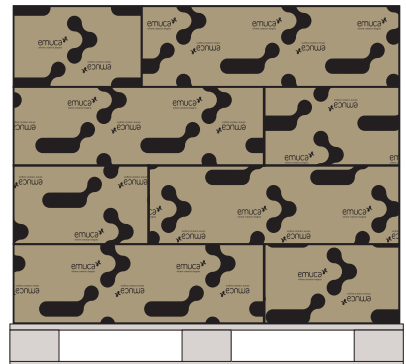

By manufacturing with recyclable materials, together with the efficient use of production and logistical resources, we optimise storage and reduce the carbon footprint in logistical movements. An ecological and sustainable system.

Aluminium/Aluminium

- Kit de barre et d'adaptateurs pour l'ouverture et la fermeture synchronisées des glissières Vertex Push Sincro.
- Permet d'ouvrir le tiroir en appuyant sur la partie avant du tiroir à partir de n'importe quel point du tiroir.
- La longueur de la barre permet le montage dans des tiroirs pour des modules d'une largeur maximale de 1200 mm.
- Recommandé pour les tiroirs d'une largeur supérieure à 600 mm.

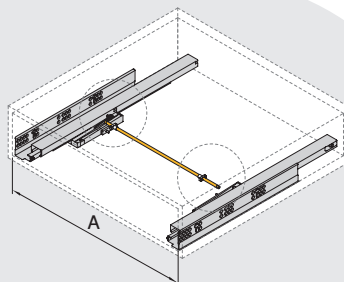

- Kit of bar and adapters for synchronised opening and closing of Vertex Push Sincro slides.
- Allows the drawer to be opened by pressing the front of the drawer from any point on the drawer.
- The length of the bar allows the assembly in drawers for modules with a maximum width of 1200 mm.
- Recommended for drawers wider than 600 mm.

SIMPLEX

TIROIR SIMPLEX

SIMPLEX DRAWER

Grâce à sa conception, il offre le plus grand espace de rangement intérieur possible. Les côtés métalliques Simplex sont la solution la plus simple et la plus polyvalente pour disposer d'un tiroir à côtés métalliques dans votre cuisine, votre salle de bain ou votre mobilier d'intérieur, sans avoir à réaliser d'usinage particulier./

It offers the largest possible interior storage space thanks to its design. Simplex metal sides are the simplest and most versatile solution to have a metal side drawer for your kitchen, bathroom or home furniture, without having to do any special machining.
